TMP Remote Q&A

1. How will remote classes be conducted?
   Our remote learning environment integrates Canvas and Zoom to create a comprehensive platform with all the necessary electronic materials and resources easily accessible in one place. All classes will be conducted via Zoom, with meeting links available right in Canvas, alongside electronic course materials.

2. Will small-scale group discussions, collaboration and role-playing activities still take place?
   Yes. Using Zoom breakout rooms, classes will regularly break out into smaller groups to incorporate all the group activities that are always a feature of TMP.

3. Popular TMP classes can get quite large, how will this work in the live remote instruction format?
   TMP classes will be limited to just 20 students per class, ensuring personalized attention from instructors, opportunities to meet and interact with other participants, and a focused environment for remote instruction.

4. Will the instructors just be lecturing to participants?
   Not at all. Our instructors have tailored their courses in creative and engaging ways to take advantage of this unique format. Small class sizes enable faculty to interact more directly with each class; our world-class instructors have tailored their courses in creative and engaging ways to take advantage of this unique format.

5. How will we be able to network with other participants at a remote TMP?
   Classes will regularly break out into small groups where students can meet, collaborate, and network with each other. These small breakout rooms offer great opportunities to get to know other participants. Furthermore, the Thursday night TMP social mixer will still be offered.

6. Are course materials included in the tuition?
   Yes. All course materials and textbooks are included in the tuition and will be available online or shipped out directly to participants.

− Alison DeVore, Sr. Manager, Mechanical Engineering, Raytheon Missile Systems

UCLA Extension’s week-long intensive program helps managers:

• Gain leadership skills
• Enhance interpersonal skills
• Learn the latest business trends and paradigms
• Obtain a repertoire of methods to solve problems, plan strategies, and motivate colleagues
• Network with attendees from around the world.

Our 99th session will feature remote instruction via Zoom. Below are changes that have been made to ensure the highest quality experience:

• Our online learning environment integrates Canvas and Zoom to create a comprehensive platform with all the necessary materials and resources easily accessible in one place.

• Our world-class instructors have tailored their courses in creative and engaging ways to take advantage of this unique format.

• The smallest class sizes ever featured at TMP ensure personalized attention from instructors.

• Breakout rooms allow smaller groups to dialogue, collaborate, and network. The smallest class sizes ever featured at TMP ensure personalized attention from instructors.

• Student teams allow smaller groups to dialogue, collaborate, and network.

• Our world-class instructors have tailored their courses in creative and engaging ways to take advantage of this unique format.

Additional Reasons to Attend

• Learn to think innovatively: TMP’s engaging and interactive environment instills technical solutions and strategies that enhance from seasoned instructors and peers from diverse industries.

• Completed training has helped students focus on intellectual stimulation pertinent to all technical professionals.

• Balanced course materials: Courses focus on technical and managerial aspects of leadership and interpersonal performance.

• Experienced and seasoned learners have integrated and inspired, with the help of our world-class instructors.

• Unique format boosts retention: TMP’s unique four-period format, composed of shorter sessions devoted to different topics, leverages the power of spaced learning. Studies by Robert Bjork, UCLA Distinguished Professor of Psychology, have shown that spaced learning boosts retention and performance.

We Build the Leaders Who Power the Future

SEPT 21–25
AT UCLA EXTENSION

TECHNICAL MANAGEMENT PROGRAM

The Technical Management Program at UCLA Extension is designed for innovative leaders for the world’s most forward-thinking professionals. uclaextension.edu/TMP20

Get Better Leadership Skills for a Lifetime

For more than 60 years, UCLA Extension’s Technical Management Program (TMP) has been building leaders for the modern workforce. TMP is one of the most integrative and forward-thinking programs in the world, empowering managers in a variety of technical fields, from engineering, IT, to game development, and beyond. In just five days, this program creates dynamic leaders using the most current techniques and methodologies.

DISCOVER NEW WAYS TO SOLVE PROBLEMS, STRATEGIZE, AND MOTIVATE OTHERS.

NEW MANAGERS:

Think Like a Leader. Become a Leader.

If you’ve recently been promoted to management, you may find it’s difficult to transition from project-based work to a role as an accountable manager. With our TMP program, you’ll discover new ways to solve problems, strategize, and motivate others. You’ll learn the latest leadership techniques from experienced professionals and industry leaders. You’ll also have the opportunity to network with attendees at all levels, from around the world.

FILL-TRACK NEW MANAGERS IN JUST FIVE DAYS.

SENIOR MANAGERS: Upgrade Your Team

Leadership, like technology, is constantly evolving. Give your current managers the latest thinking on management and leadership. Leading to fast-track new managers, alerting them to the pitfalls common to new supervisors? In just five days, our TMP program can get your new managers on the right path, giving them the tools they need to build their own results-driven teams.

For program and course details, visit uclaextension.edu/TMP20, or contact us at jlee@uclaextension.edu. (310) 825-3858.
TMP Remote Q&A

1. How will remote classes be conducted?
   Our remote learning environment integrates Canvas and Zoom to create a comprehensive platform with all the necessary electronic materials and resources easily accessible in one place. All classes will be conducted via Zoom with meeting links available right in Canvas, alongside electronic course materials.
   
2. Will small-scale group discussions, collaboration, and role-playing activities still take place?
   Yes. Using Zoom breakout rooms, classes will regularly break out into smaller groups to incorporate all the group activities that are always a feature of TMP.
   
3. Popular TMP classes can get quite large, how will this work in the live remote instruction format?
   TMP classes will be limited to just 20 students per class, ensuring personalized attention from instructors, opportunities to meet and interact with other participants, and a focused environment for remote instruction.
   
4. Will the instructors just be lecturing to participants?
   No. Using Zoom breakout rooms, classes will regularly break out into smaller groups for small group collaboration and role-playing activities, and still others will host discussions and interactive exercises.
   
5. How will we be able to network with other participants at a remote TMP?
   Classes will regularly break out into small groups; where students can meet, collaborate, and network with each other. These small breakout rooms offer great opportunities to get to know other participants. Furthermore, the Thursday night TMP social mixer will still be offered.
   
6. Are course materials included in the tuition?
   Yes. Using Zoom breakout rooms, classes will regularly break out into smaller groups for small group collaboration and role-playing activities, and still others will host discussions and interactive exercises.
   
7. Will the instructors just be lecturing to participants?
   No. Using Zoom breakout rooms, classes will regularly break out into smaller groups for small group collaboration and role-playing activities, and still others will host discussions and interactive exercises.
   
8. Are course materials included in the tuition?
   Yes. Using Zoom breakout rooms, classes will regularly break out into smaller groups for small group collaboration and role-playing activities, and still others will host discussions and interactive exercises.
   
9. How will we be able to network with other participants at a remote TMP?
   Classes will regularly break out into small groups; where students can meet, collaborate, and network with each other. These small breakout rooms offer great opportunities to get to know other participants. Furthermore, the Thursday night TMP social mixer will still be offered.
   
10. Will the instructors just be lecturing to participants?
    No. Using Zoom breakout rooms, classes will regularly break out into smaller groups for small group collaboration and role-playing activities, and still others will host discussions and interactive exercises.

Additional Reasons to Attend

- Learn to think innovatively: TMP’s engaging and interactive environment fosters technical awareness and encourages insights from experienced instructors and peers from diverse industries.
- Committed teaching: Highly selected courses that are grounded in intellectually stimulating content relevant to all technical professionals.
- Balanced course materials: Courses focus on technical and managerial aspects and are supplemented with interactive training materials.
- Unique format boosts retention: TMP’s unique four-period format, comprised of shorter sessions devoted to different topics, leverages the power of spaced learning. Students like Robert Kraft, UCLA’s Distinguished Professor of Psychology, have shown that spaced learning boosts retention and performance.

I highly recommend attending the Technical Management Program at UCLA Extension. It’s been a very rewarding experience. Management teams should consider attending together to maximize learning and to jump-start their start their effectiveness. Fantastic program.

10:15 AM-12:15 PM PERIOD 2)

1:30-3:30 PM PERIOD 4

A1: Strategic Project Design: The Logical Framework Approach to Smooth Planning and Execution
Turn your best ideas into marketable projects in as much high-growth, fast and effectively build a road map to action plan for your chosen topic. Led by Jerry D. Schmidt, PMP, Management Concept Inc.

A2: Managing Young Professionals
An in-depth look into generational diversity to better understand how to create cultures in which every generation thrives. Special attention will be given to managing, onboarding, and developing millennials. Led by Chris Christensen, MS, MBA, Christensen Associates, Inc.

A4: Why Introverts Make Great Leaders
Introverts can make exceptional and powerful leaders when they truly understand their role in your workplace. Learn new strategies for introverts to lead more authentically, expressively, and effectively in their roles. Led by Denise Wolfe, MBA, President, Legacy In Action, Inc.

A5: Be the Boss: Move From a Technical Job to a Management Position
Learn to focus your technical strengths into powerful managerial skills in this highly interactive workshop. Led by Chris Christensen, MS, MBA, Christensen Associates, Inc.

B1: Continues to Support as a Leader
Learn about the leadership principles, how to understand your organization and its expectations, and how to find and close your development and performance gaps. Led by Michael F. Alligery, MBA

B2: Reinvent Yourself and Thrive
Discover how to unlock your true life purpose and perform at new levels of excellence. Experience this internal learning adventure of a lifetime. Led by Jerry D. Schmidt, PMP, Management Concept Inc.

B3: Maximizing Your Team’s Performance
Master best practices to navigate through the stages of team development to increase productivity, creativity, morale, and performance. Led by Denise Wolfe, PhD, President, Legacy In Action, Inc.

B4: Essentials of Business for Technical Managers
You don’t need an MBA; just a solid grasp of business principles from this practical course! Led by Chris Christensen, MS, MBA, President, Legacy In Action, Inc.

B5: Creating and Sustaining Excellence in the Workplace
According to research, there are actual skills necessary for success in work, health, and relationships. This program reveals the four skills essential for effective leadership. Led by Robert Mauser, PhD, Science of Excellence

C1: People, Power, and Projects: Managing the Human Dynamic
Emphasizing the human element, develop five important leadership dimensions—communication, conflict strategizing, negotiation, politics—and skills; and then using real workplace scenarios. Led by Jerry Reed, PMP, MCE/CIT, TMP

C2: Business Case Analysis for Managers and Decision Makers
Learn how to identify and find the best projects for your organization. Led by Donald S. Brown, PhD, PE, Cleaver Consulting Group

C3: High-Impact Communication Techniques for the Technical Professional
Learn how to express yourself and your ideas to improve your interactions with colleagues at all levels and add to your leadership role. Led by Laura G. Hyde, MEd, Morgan Training Co.

C4: Mastering Difficult and Sensitive Conversations
Discover how to work around the many challenges of the modern workplace. Led by Johanna Hollowich, MS, Personnel Relations

C5: Asking the Right Questions
This course will demonstrate how to easily and effectively ask questions to change conversational outcomes. Led by David Lane, Chief Information Officer

C6: Emotional Intelligence: Leading and Working in a Diverse Workplace
This course presents the critical intersection of Emotional Intelligence and diversity, while gaining insights, tools, and tasks to build cohesive and productive workgroups. Led by Jorge Chilebere, PhD, Zawicki Intelligence and Diversity Institute

D2: Adapt and Win! How to Manage Change
Learn tips and tools to help you quickly adapt to changing circumstances and extend its impact by competently managing change. Led by Jerry Reed, PMP, MCE/CIT, President, PMPR
t

D3: Building High Performance Teams: Strategies and Skills for Success
Get the tools to successfully communicate in business, culture, and time to achieve outstanding results. Led by Johanna Hollowich, MS, Personnel Relations

D4: Cost and Schedule Estimation for Project Managers and Decision Makers
Money matters! Learn to produce accurate cost estimates. Led by Donald S. Brown, PhD, PE, Cleaver Consulting Group

D5: The Power of Persuasive Promotion: How to ‘Sell’ Your Ideas, Projects, Capabilities, and Products
Learn a systematic approach for communicating and ‘selling’ your ideas, projects, capabilities, and products. Led by Laura G. Hyde, MEd, Morgan Training Co.

D1: Money matters! Learn to produce accurate cost estimates. Led by Donald S. Brown, PhD, PE, Cleaver Consulting Group

D5: The Power of Proactive Persuasion: How to ‘Sell’ Your Ideas, Projects, Capabilities, and Products
Learn a systematic approach for communicating and ‘selling’ your ideas, projects, capabilities, and products. Led by Laura G. Hyde, MEd, Morgan Training Company

“‘I’ve had leadership opportunities at Blizzard Entertainment prior to my attendance at TMP, but I hadn’t realized the importance of leadership development until I attended the TMP. Since then, I’ve been seeking out ways to further my skillset, and I found ways we can develop leaders at Blizzard.”

– Duck Pearce, Chief Development Office and CSO, Blizzard Entertainment

“all technical managers should be lucky enough to participate in TMP. Skills and tools provided are invaluable for leading with a highly educated workforce in this dynamic time.”

– Dr. Walt Witkowski, Senior Manager, Staff Development, National Laboratories.
TMP Remote Q&A

1. How will remote classes be conducted?

Our remote learning environment integrates Canvas and Zoom to create a comprehensive platform with all the necessary electronic materials and resources easily accessible in one place. All classes will be conducted via Zoom, with meeting links available right in Canvas, alongside electronic course materials.

2. Will small-scale group discussions, collaboration and role-playing activities still take place?

Yes. Using Zoom breakout rooms, classes will regularly break out into smaller groups to incorporate all the group activities that are always a feature of TMP format.

3. Popular TMP classes can get quite large, how will this work in the live remote instruction format?

TMP classes will be limited to just 20 students per class, ensuring personalized attention from instructors and peers with other participants, and a focused environment for remote instruction.

4. Will the instructors just be lecturing to participants?

Not at all. Our instructors have tailored their courses in creative and engaging ways, leveraging this unique course format to create engaging learning experiences. Some instructors will use online games and quizzes, others will use breakout rooms for small group collaboration and role-playing activities, and still others will host discussions and interactive exercises.

5. How will we be able to network with other participants at a remote TMP?

Classes will regularly break out into small groups where students can meet, collaborate, and network with each other. These small breakout rooms offer great opportunities to get to know other participants. Furthermore, the Thursday night TMP social hour will be offered.

6. Are course materials included in the tuition?

Yes. Using Zoom breakout rooms, classes will regularly break out into smaller groups where students can meet, collaborate, and network with each other. These small breakout rooms offer great opportunities to get to know other participants. Furthermore, the Thursday night TMP social hour will be offered.

UCLA Extension’s week-long intensive program helps managers:

• Gain leadership skills
• Enhance interpersonal skills
• Learn the latest business results and paradigms
• Obtain a repertoire of methods to solve problems, plan strategies, and motivate colleagues
• Network with attendees from around the world

Our 99th session will feature remote instruction via Zoom. Below are changes that have been made to ensure the highest quality experience:

• Our online learning environment integrates Canvas and Zoom to create a comprehensive platform with all the necessary materials and resources easily accessible in one place.
• Our world-class instructors have tailored their courses in creative and engaging ways to take advantage of this unique format.
• The smallest class sizes ever featured at TMP ensure personalized attention from instructors.
• Breakout rooms allow smaller groups to dialogue, collaborate, and network.
